Will a smart toilet seat fit your toilet bowl?

Toilet bowl compatibility with Major&Maker smart toilet seats.
The dimensions and model list apply to **Crystal and Rubine.**

01 First, check the shape

General requirements for our smart toilet seats: a round or oval toilet bowl with a flat upper surface at the rear, next to the wall, and no raised step.

UNSUITABLE SHAPE

1. No flat rear surface
2. Non-oval shape

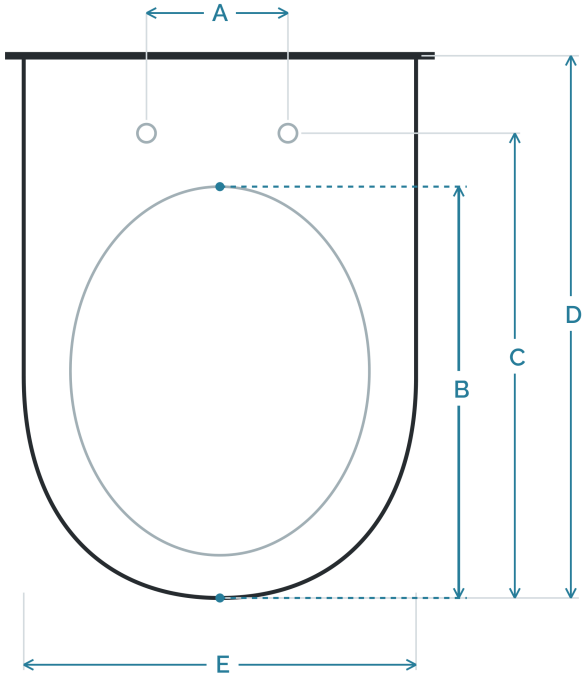

SUITABLE SHAPE

1. Flat rear surface
2. Oval shape

02 Then check the dimensions

Dimensions for Crystal and Rubine. Top view; illustrative diagram, not to scale.

A 12 - 17.5 cm
Distance between mounting hole centres.

B min. 37 cm
From the front of the bowl to the rear edge of the opening.

C 42.5 - 47.5 cm
From the front of the bowl to the centre line of the mounting holes.

D min. 50.5 cm
Length of the flat upper surface, with no raised step at the rear.

E 35.5 - 36 cm

04 Floor-standing close-coupled toilets

Remix Sensea 64.2 cm

Close-coupled toilet available at Leroy Merlin.

Before choosing your seat

Also check the dimensions on the first page. The bowl should have an oval shape and a flat upper surface at the rear, next to the wall, with no raised step.
